Key Product Information

Account name	Festive Fund Account
What is the dividend rate?	<p>The dividend rate is your share of our profits which is agreed by members at the Annual General Meeting (AGM). The AGM can be held anytime within six months of the year end, which is the 30th of September. Dividends are based on the profits made from the Credit Union within the previous financial year. The annual dividend will be based on the balance at the close of business each working day for the past year. Dividend payments are not guaranteed.</p> <p>The dividend received on the Festive Fund Account is the same as the Member Account dividend.</p>
Can No1 CopperPot change the dividend rate?	Once it has been agreed at AGM it cannot be changed but it may change each year. The dividend rate is proposed by the Credit Union for the previous year, based on a variety of factors such as financial performance, cash flow, market interest rates, and growth plans. Members then vote at the Annual General meeting to agree the dividend rate.

What was the last dividend rate?	Previous dividend rates can be found on our website. www.no1copperpot.com/services/our-rates/
What would the estimated balance be after 12 months based on a monthly £50 deposit?	Please see the website for the most up to date example. www.no1copperpot.com/police-savings/festive-fund/
